

Interview Presentation Guidelines

Presentation Topic

Describe a technical topic of your choice, such as a project or research effort in which you were involved. The presentation topic should relate in some way to the minimum requirements of the requisition. Consider addressing the following:

- Project objective(s), research question, or problem you were trying to solve
- Your role and contributions
- Challenges you faced and how you overcame them
- Lessons learned

Please note that any material presented should be non-proprietary, redacted, and unclassified. Information will be deemed as public knowledge to APL staff.

Presentation Length, Format, and Logistics

- You will have 20 minutes for your presentation. You will have 10 minutes for a Q&A period following your presentation.
- The room will be equipped with a digital display or projector. Your presentation should be in MS PowerPoint or PDF format.
- Please email me your presentation at least 24 hours in advance of your interview with the Hiring Group.

Audience

Approximately 10-20 APL staff members will attend your presentation. The audience will be a mix of - technical peers and hiring managers.
